Prevaccination Checklist for COVID-19 Vaccines

For vaccine recipients:

Patient Name _____

The following questions will help us determine if there is any reason you should not get the COVID-19 vaccine today.

Age _____

If you answer "yes" to any question, it does not necessarily mean you should not be vaccinated. It just means additional questions may be asked.

If a question is not clear, please ask your healthcare provider to explain it.

Yes No Don't know

	Yes	No	Don't know
1. Are you feeling sick today?			
2. Have you ever received a dose of COVID-19 vaccine?			
<ul style="list-style-type: none"> If yes, which vaccine product did you receive? <input type="checkbox"/> Pfizer <input type="checkbox"/> Moderna <input type="checkbox"/> Janssen (Johnson & Johnson) <input type="checkbox"/> Another product _____ 			
3. Have you ever had an allergic reaction to:			
(This would include a severe allergic reaction [e.g., anaphylaxis] that required treatment with epinephrine or EpiPen® or that caused you to go to the hospital. It would also include an allergic reaction that occurred within 4 hours that caused hives, swelling, or respiratory distress, including wheezing.)			
<ul style="list-style-type: none"> A component of a COVID-19 vaccine including either of the following: <ul style="list-style-type: none"> <input type="radio"/> Polyethylene glycol (PEG), which is found in some medications, such as laxatives and preparations for colonoscopy procedures <input type="radio"/> Polysorbate, which is found in some vaccines, film coated tablets, and intravenous steroids. A previous dose of COVID-19 vaccine. A vaccine or injectable therapy that contains multiple components, one of which is a COVID-19 vaccine component, but it is not known which component elicited the immediate reaction. 			
4. Have you ever had an allergic reaction to another vaccine (other than COVID-19 vaccine) or an injectable medication?			
(This would include a severe allergic reaction [e.g., anaphylaxis] that required treatment with epinephrine or EpiPen® or that caused you to go to the hospital. It would also include an allergic reaction that occurred within 4 hours that caused hives, swelling, or respiratory distress, including wheezing.)			
5. Have you ever had a severe allergic reaction (e.g., anaphylaxis) to something other than a component of COVID-19 vaccine, or any vaccine or injectable medication? This would include food, pet, venom, environmental, or oral medication allergies.			
6. Have you received any vaccine in the last 14 days?			
7. Have you ever had a positive test for COVID-19 or has a doctor ever told you that you had COVID-19?			
8. Have you received passive antibody therapy (monoclonal antibodies or convalescent serum) as treatment for COVID-19?			
9. Do you have a weakened immune system caused by something such as HIV infection or cancer or do you take immunosuppressive drugs or therapies?			
10. Do you have a bleeding disorder or are you taking a blood thinner?			
11. Are you pregnant or breastfeeding?			
12. Do you have dermal fillers?

LIBERTYDOCTORS

ASSURING HEALTHCARE FREEDOM

On the day of the clinic:

Read Me Before Your Shot

- Once your full packet of paperwork is complete, (new patient paperwork, encounter form, pre-vaccination questionnaire, and photocopies of your ID and insurance card) place your clipboard **on your dashboard** to indicate that you are ready to be vaccinated.
- Staff will direct you to the correct lane for the vaccination process.
- Put your car **in Park** whenever you come to a stop. Please **turn your car off** before speaking to your vaccinator.
- You will hand your completed paperwork to your vaccinator. But keep this sheet that you are reading, and take it with you as you leave.

Read Me After Your Shot

You have received the Pfizer COVID-19 Vaccine.

- Park your car in our waiting area for 15 minutes. If you begin to feel strange, please honk your horn and an attendant will come speak to you. After your 15 minutes, you may exit the area.
- Go to libertydoctors.com/post-vaccine if you would like to see:
 - The Emergency Use Authorization for Recipients and Caregivers for the Pfizer vaccine.
 - Information about V-SAFE, the smartphone-based tool that uses text messaging and web surveys to provide personalized health check-ins after you receive a COVID-19 vaccination.

If this was your first dose, please return on Sunday, April 11th, 2021, at the same time as your appointment today.

Print, complete, and bring the pre-vaccination questionnaire and encounter form; you will receive an email with links before the 11th. Also bring your gray vaccination card. You will not need to bring photocopies of your ID or insurance card.

If you have any questions, please email: info@libertydoctors.com
